# SWITCH TO THE SUN AND SAVE

More and more private homes and commercial businesses are taking their energy requirements into their own hands! Let us help you choose the right system that suits your needs as well as your pocket. We install and distribute world class products nationwide! Don't be taken for a fool, solar energy is reliable, clean and cheaper than fossil fuels. We will also beat ANY comparative quote

## OFF GRID SOLUTIONS

Solar off-grid systems designed to work completely independently from the grid. These systems can be Taylor made to fit any residential property, commercial industry or farm.

## BACK-UP SOLUTIONS

Backup power systems are the heart of any solar off-grid system. These systems will supply power during blackouts and are adaptable to accept solar panels

## ELECTRICAL SOLUTIONS

We offer 24/7/365 electrical services from residential to corporate and commercial clients, Offering a wide range of electrical services from lighting installs to a complete re-wire of your electrical system.

## FINANCE SOLUTIONS

Start saving immediately, We offer affordable rent-to-own financing on all our solar and back up solutions for both residential and Commercial clients.

# OUR GUARANTEE TO YOU

Coretech offers you an all-in-one Solar Subscription to suit your needs. We monitor and manage your system to ensure it works correctly and is optimised.

Solar is also a great investment, and we give you peace of mind that it is maintained during your subscription term.

- Finance and Cash options available  
We offer both Financed and cash options which ever best suits your needs
- *All-In-One Solution*  
A single Solar Subscription including installation, monitoring and support
- *World Class Service*  
Service of the highest global standards
- *Trusted Installation Teams*  
Licensed and vetted group of professionals
